NEW INOVA
SERIES
RING TRAVELERS

The *Inova* series represents AB Carter's latest innovation, engineered to optimize traveler performance for the demands of advanced ring spinning.

Introducing the *Inova* series of ring travelers, a continuation of AB Carter's long-standing tradition of quality products and services worldwide.

Inova benefits:

- Fewer End breaks – higher efficiency and less downtime.
- Enhanced Yarn Quality – consistent lab results.
- Faster Break-in – quicker startup maximizing production.
- Longer Traveler Life – lower replacement cost and improved productivity.

Where speed meets superior yarn quality for all parameters and spinning applications.
